EPAC   EPS-AG   JACoW

SPMS Database Meeting
11 May 2005

Registration Module
The Philosophy

Christine Petit-Jean-Genaz

EPAC Conferences Coordinator

SPMS Administrator

JACoW Secretary

Current

- New Customizable Tool called "Registration"
  - Registration, as for PAC'05, but
  - May also be developed by individual conferences for other activities not part of "GPL" "official" SPMS …
- Does this Tool correspond to the requirements of JACoW Collaboration Conferences as a whole?

SPMS Philosophy

- Use same data driven philosophy as for the Scientific Programme

- Build customized Registration Forms (via parameter lists) for example through the assembly of interfaces relating to one, several or all activities
  - Combine several activities into one Form
  - Opt for several forms

- Registration, budget handling, accommodation, etc. to be handled via tables …

Modular Form

- **Participation in the Conference** (registration of delegates, logistics, payments, list of participants, badges, overall financial management)

- **Participation in Social Events** (logistics, payments)

- **Participation in Excursions** (logistics, payments)

- **Accommodation** (hotel accommodation requirements, payments)

Tables

- **Type of Registrant/Individual**
  - Registrant (with fee)
  - Registrant (fee waived)
  - Retiree Registrant
  - Student Registrant
- **Type of Registration**
  - Early Registration
  - Late Registration
  - Retiree Registration
  - Student Registration

Tables

- **Social Events:**
  - Banquet
  - Reception
  - Outing
  - Tour
- **Fees:**
  - Early Fee - amount
  - Late Fee - amount
  - 1-day Fee - amount
  - Reduced Fee - amount
  - Student Fee - amount

- **Running totals**
  - Number of Registrants by Type
  - Number of Registrants by Fee
    - Number Type a Delegate @ fee = n amount paid/due
    - Number Type b Delegate @ fee = n amount paid/due
  - Number attending Banquet
    - Number Delegates @ fee = n amount paid/due
    - Number Accompanying Persons @ fee = n amount paid/due
    - Number Vendors @ fee = n amount paid/due

EPAC | **EPS-IGA** | **JACoW**

- Programming is done only once
- Same tool for every type of conference
- Etc.

EPAC   EPS-IGA   JACoW

Or have I got it completely wrong?
